September 2015 Edition, Vol V

**2 Days to Remember – 1st Sept & 2nd Sept 2015**

**Well done guys!...keep it up...**

-- Said "Siddhartha Chandurkar"

From last one and half quarters the PaaS team, Graphics and our Ops team have been relentlessly working on building the DevOps solution for Continuous Integration (ClaaS) - <http://devops.shephertz.com> and Continuous Deliver (CDaaS) - CodeStream. We spent multiple meetings on the possible UI flows, layout and took continuous feedback from the our Partner VMware. The team patiently yet persistently worked on it and the end result is out in the open for the world to see and admire. From past two days at the event senior management from VMWare spoke and demoed our App42 Product line in multiple events @ VMWorld 2015 US <http://www.vmworld.com> Its the largest event in the world in the cloud computing space.

Ashok Aletty - Sr. Director VMWare spoke about our Product line in his session, he also pulled me out of the audience to speak about the session. Offline at many of our meetings he was telling everybody about ShepHertz and our product line and how quickly we could deliver the DevOps and CodeStream solution.

Today at noon, Bob Webster - Technical Marketing Manager gave a detailed presentation followed by a demo on the solution using the same video which the team painstakingly made in his session on Hybrid DevOps on vCloud Air.

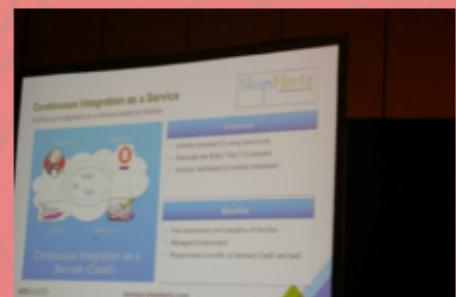

We also showcased our API Gateway at the Genius Bar. Only selected few hand picked cos. got the opportunity to do so.

Seeing the reception and the appreciation by the VMware team was giving me goose bumps and my heart was filled with pride because of all your collective efforts.

Special thanks for the UI Team and the Ops team for giving continuous support even through out weekends.

Great Job Naveen and Sushil for leading the teams to success and working 24/7 to deliver the solution on time. Something to be remembered and talked about for years to come.

Jatin, Ashutosh and Vivek for taking initiatives, leading and giving that extra mile proactively without any persuasion or request.

## SHEPHERTZ NEWS:

1. Agreement signed with Indigo, where ShepHertz will power the backend of the Indigo App. App will be live by October end
  2. ABP App is out live on 10th September powered by ShepHertz
  3. ShepHertz DevOps solution was showcased at VMWorld 2015, by , Bob Webster - Technical Marketing Manager from VMWare.

# DID YOU KNOW?

Oh Yes!...  
Both the pictures are  
of Naman Kapur. Don't  
be shocked or surprised.

**Before**

Here's the Before & After Effect

**After**

Hope we see the transformation & the below story will inspire all of us and will try to follow few tips from the below if not all of them...

This is not narcissism nor it is an act of vanity, but the two pictures you see here, yes it's me in them—left one taken in 2012 and the right one taken in 2013. Again—I clarify the intention of this post is not to show anything off but just to spread little awareness as I have been asked to.

I had been dangerously overweight all my life, all credits to my love for food. I would eat a three-person-lunch alone and still be excited for anything after that, I would eat two cheese burst pizzas and still feel hungry for a good ice-cream or a dessert.

I could eat 8-9 aalu parathas and still be ready for a proper lunch and people were either scared of me before inviting me in their parties for their bills always went up considerably or were very comfortable in ordering unlimited food as they were sure it wouldn't go waste.

Were it not for a particular friend of mine, who abused me for one full year because of my hideous figure, I wouldn't have been living a much better life that I am living today. What basic changes I made to my lifestyle—very simple ones that can be easily followed?

- I never stay hungry nor I am completely full ever
- I keep eating something every 3-4 hours, that makes my digestive system working round the clock to raise metabolic cycle
- I never go out anywhere empty stomach, specially grocery shopping, so that I don't end up buying junk food out of craving.
- My last meal of the day is at least 3 hours before bed
- I drink at least 8 liters of water every day
- I avoid having spicy and fried chakhna when I'm having beer and I try to limit my beer intake days to just one or two
- I avoid sugar and fried food at all costs
- I follow a fixed routine
- I always have a cheat meal once a week when I eat anything and everything of my choice

These are just simple diet hacks that can be followed by anyone looking for a lifestyle change.

Before that, train your mind before you start training your body.

## Funny Did You Know Facts

- Russia has a larger surface area than Pluto.
- Oxford University is older than the Aztec Empire.
- France was still executing people by guillotine when Star Wars: A New Hope hit theatres.
- Nintendo was originally a trading card company.
- If the sun were the size of a white blood cell then the Milky Way Galaxy would be the size of the United States.

Smile  
Please!

"Hansi ke  
phoowhare"

A: Where were you born?

B: India ..

A: which part?

B: What 'which part'? Whole body was born in India .

Sam: Dear sir, I want to ask you something.  
Teacher: yes Sam, ask me, what do you want?

Sam: Sir, do you punish anyone for something they did not do?

Teacher: No Sam. Why should I?

Sam: Thank you sir. That's a relief. I haven't done the homework.

## Fun apart from work...

"Yummy Chocolate Cake for celebrating Mayank, Bhavika & Siddhartha Chandurkar's Birthday.

"Always remember to be Happy because you never know who's falling in love with your Smile."

### UPCOMING FRIDAY ACTIVITIES : OCT.

**9th Oct** –Interaction with Siddhartha Chandurkar

**16th Oct** – Training by Ashutosh Yadav – Introduction to virtualization & virtual machines.

**23rd Oct** – Training by Brig. Sir on Self Development & Leadership

**30th Oct** – Fun Friday (Team B)

**6th Oct :**

Sushil Singh

**8th Oct :**

Rameshwar Sah

**16th Oct :**

Samita Mahajan

## Congratulations!

Sintu Kumar Singh is blessed with a Baby Girl

We would love to hear from you!

## In conclusion....

"Diamond is just another piece of coal which did well under pressure."

- Believes Daljeet Mehta

## KNOW YOUR COFFEE

Cappuccino

Espresso topped with equal parts foamed and steamed milk.

Café Americano

American, Italian style drip coffee, made from equal portions of espresso and boiling water - a stronger version of brewed coffee.

Café Au Lait

Traditionally French, made with equal parts of brewed coffee and steamed milk.

Café Breve

A milk based espresso where half and half is used instead of milk.

Café Con Leche

1.5 ounces of espresso with steamed milk to fill an eight ounce cup.

Café Con Panna

Espresso topped with whipped cream.

Café Ristretto

This is highly concentrated espresso (3/4 to one ounce of water used for extraction), resulting in a denser, and more aromatic espresso.

Café Latte

1.5 ounces of espresso in a six ounce cup filled to top with steamed milk, forming a dense drink. It may be topped with foamed milk.

Café Mocha

Espresso, chocolate syrup, and steamed milk, often topped with whipped cream and cocoa powder or chocolate shavings.

Café Latteccino

Espresso with two parts of steamed milk and one part of foamed milk.

Café Lungo

A long espresso made by adding boiling water to a 1.5 ounce espresso. (The same as an Americano.)

Café Macchiato

1.5 ounces of espresso in a demitasse topped with a dollop of foamed milk.

Café Freddo

Chilled espresso served in glass, often iced.

Café Latte Macchiato

A glass of hot milk, with a teaspoon of espresso.

Café Romano

Regular espresso, served with a twist of lemon or lemon peel.
